requirement for household recertification, acceleration of all sums due under a mortgage, recoupment of any funds from a sale in the violation of the regulations, injunctive relief to prevent further violation of the regulations, entry on the premises, and specific performance.

- b) After providing written notice of a violation to an Owner, Developer or Tenant of a low- or moderate-income unit and advising the Owner, Developer or Tenant of the penalties for such violations, the municipality may take the following action against the Owner, Developer or Tenant for any violation that remains uncured for a period of 60 days after service of the written notice:
- i. The municipality may file a court action pursuant to N.J.S.A. 2A:58-11 alleging a violation, or violations, of the regulations governing the affordable housing unit. If the Owner, Developer or Tenant is found by the court to have violated any provision of the regulations governing affordable housing units the Owner, Developer or Tenant shall be subject to one or more of the following penalties, at the discretion of the court:
 1. A fine of not more than \$500.00 or imprisonment for a period not to exceed 90 days, or both. Each and every day that the violation continues or exists shall be considered a separate and specific violation of these provisions and not as a continuing offense;
 2. In the case of an Owner who has rented his or her low- or moderate-income unit in violation of the regulations governing affordable housing units, payment into the Township of Hardyston Affordable Housing Trust Fund of the gross amount of rent illegally collected;
 3. In the case of an Owner who has rented his or her low- or moderate-income unit in violation of the regulations governing affordable housing units, payment of an innocent tenant's reasonable relocation costs, as determined by the court.
 - ii. The municipality may file a court action in the Superior Court seeking a judgment, which would result in the termination of the Owner's equity or other interest in the unit, in the nature of a mortgage foreclosure. Any judgment shall be enforceable as if the same were a judgment of default of the First Purchase Money Mortgage and shall constitute a lien against the low- and moderate-income unit.
- c) Such judgment shall be enforceable, at the option of the municipality, by means of an execution sale by the Sheriff, at which time the low- and moderate-income unit of the violating Owner shall be sold at a sale price which is not less than the amount necessary to fully satisfy and pay off any First Purchase Money Mortgage and prior liens and the costs of the enforcement proceedings incurred by the municipality, including attorney's fees. The violating Owner shall have the right to possession terminated as well as the title conveyed pursuant to the Sheriff's sale.
- d) The proceeds of the Sheriff's sale shall first be applied to satisfy the First Purchase Money Mortgage lien and any prior liens upon the low- and moderate-income unit. The excess, if any, shall be applied to reimburse the municipality for any and all costs and expenses incurred in connection with either the court action resulting in the judgment of violation or the Sheriff's sale. In the event that the proceeds from the Sheriff's sale are insufficient to reimburse the municipality in full as aforesaid, the violating Owner shall be personally responsible for and to the extent of such deficiency, in addition to any and all costs incurred by the municipality in connection with collecting such deficiency. In the event that a surplus remains after satisfying all of the above, such surplus, if any, shall be placed in escrow by the municipality for the Owner and shall be held in such escrow for a maximum period of two years or until such earlier time as the Owner shall make a claim with the municipality for such. Failure of the Owner to claim such balance within the two-year period shall automatically result in a forfeiture of such balance to the municipality. Any interest accrued or earned on such balance while being held in escrow shall belong to and shall be paid to the municipality, whether such balance shall be paid to the Owner or forfeited to the municipality.
- e) Foreclosure by the municipality due to violation of the regulations governing affordable housing units shall not extinguish the restrictions of the regulations governing affordable housing units as the same apply to the low- and moderate-income unit. Title shall be conveyed to the purchaser at the Sheriff's sale, subject to the restrictions and provisions

of the regulations governing the affordable housing unit. The Owner determined to be in violation of the provisions of this plan and from whom title and possession were taken by means of the Sheriff's sale shall not be entitled to any right of redemption.

- f) If there are no bidders at the Sheriff's sale, or if insufficient amounts are bid to satisfy the First Purchase Money Mortgage and any prior liens, the municipality may acquire title to the low- and moderate-income unit by satisfying the First Purchase Money Mortgage and any prior liens and crediting the violating owner with an amount equal to the difference between the First Purchase Money Mortgage and any prior liens and costs of the enforcement proceedings, including legal fees and the maximum resale price for which the low- and moderate-income unit could have been sold under the terms of the regulations governing affordable housing units. This excess shall be treated in the same manner as the excess which would have been realized from an actual sale as previously described.
- g) Failure of the low- and moderate-income unit to be either sold at the Sheriff's sale or acquired by the municipality shall obligate the Owner to accept an offer to purchase from any qualified purchaser which may be referred to the Owner by the municipality, with such offer to purchase being equal to the maximum resale price of the low- and moderate-income unit as permitted by the regulations governing affordable housing units.
- h) The Owner shall remain fully obligated, responsible and liable for complying with the terms and restrictions of governing affordable housing units until such time as title is conveyed from the Owner.

17. Appeals

Appeals from all decisions of an Administrative Agent designated pursuant to this Ordinance shall be filed in writing with the Executive Director of COAH.

- a) The following terms, as used in this ordinance, shall have the following meanings:
 - i. "**Affordable housing development**" means a development included in the Housing Element and Fair Share Plan, and includes, but is not limited to, an inclusionary development, a municipal construction project or a 100 percent affordable development.

- ii. “**COAH**” or the “**Council**” means the New Jersey Council on Affordable Housing established under the Act which has primary jurisdiction for the administration of housing obligations in accordance with sound regional planning consideration in the State.
- iii. “**Development fee**” means money paid by a developer for the improvement of property as permitted in *N.J.A.C. 5:97-8.3*.
- iv. “**Developer**” means the legal or beneficial owner or owners of a lot or of any land proposed to be included in a proposed development, including the holder of an option or contract to purchase, or other person having an enforceable proprietary interest in such land.
- v. “**Equalized assessed value**” means the assessed value of a property divided by the current average ratio of assessed to true value for the municipality in which the property is situated, as determined in accordance with sections 1, 5, and 6 of P.L.1973, c.123 (C.54:1-35a through C.54:1-35c).
- vi. “**Green building strategies**” means those strategies that minimize the impact of development on the environment, and enhance the health, safety and well-being of residents by producing durable, low-maintenance, resource-efficient housing while making optimum use of existing infrastructure and community services.

4. Residential Development fees

a) Imposed fees

- i. Mandatory residential development fees shall be 1.5% of the equalized assessed value for residential development. These fees shall be required in conjunction with application for a building permit for all projects which do not require a land development application approval. All other land development projects will be subject to the growth share provisions of this chapter.
- ii. When an increase in residential density pursuant to N.J.S.A. 40:55D-70d(5) (known as a “d” variance) has been permitted, developers may be required to pay a development fee of 6 percent of the equalized assessed value for each additional unit that may be realized. However, if the zoning on a site has changed during the two-year period preceding the filing of such a variance application, the base density for the purposes of calculating the bonus development fee shall be the highest density permitted by right during the two-year period preceding the filing of the variance application.
Example: If an approval allows four units to be constructed on a site that was zoned for two units, the fees could equal one and a half percent of the equalized assessed value on the first two units; and the specified higher percentage up to six percent of the equalized assessed value for the two additional units, provided zoning on the site has not changed during the two-year period preceding the filing of such a variance application.

b) Eligible exactions, ineligible exactions and exemptions for residential development

- i. Affordable housing developments, developments where the developer is providing for the construction of affordable units elsewhere in the municipality, and developments where the developer has made a payment in lieu of on-site construction of affordable units shall be exempt from development fees.
- ii. Developments that have received preliminary or final site plan approval prior to the adoption of a municipal development fee ordinance shall be exempt from development fees, unless the developer seeks a substantial change in the approval. Where a site plan approval does not apply, a zoning and/or building permit shall be synonymous with preliminary or final site plan approval for this purpose. The fee percentage shall be vested on the date that the building permit is issued.

iii. Developers of residential structures demolished and replaced as a result of a natural disaster or fire shall be exempt from paying a development fee.

c) Collection of fees.

i. The following procedures shall be followed with respect to the collection of development fees:

1. When a cash development fee is to be made in a sum determined by applying a percentage figure against the equalized assessed value of the land and improvements, the following rule shall apply: The value of the property shall be the equalized assessed value of each dwelling unit and the land at the time of project completion or, where feasible, completion of the unit in question.
2. The developer shall pay a minimum development fee of \$500.00 to the Township of Hardyston prior to the commencement of construction.
3. The developer shall pay the remaining fee to the Township of Hardyston at the issuance of a certificate of occupancy. At the issuance of the certificates of occupancy, the Tax Assessor shall calculate the equalized assessed value and the appropriate development fee. The developer shall be responsible for paying the difference between the fee calculated at the time of issuance of the certificate of occupancy and the amount paid at the time of issuance of the building permit.
4. Payments shall be by certified check or bank money order to the Township of Hardyston and shall be deposited in a separate interest-bearing housing trust fund account established by this section.

ii. A developer may challenge residential development fees imposed by filing a challenge with the County Board of Taxation. Pending a review and determination by the Board, collected fees shall be placed in an interest bearing escrow account by Hardyston Township. Appeals from a determination of the Board may be made to the tax court in accordance with the provisions of the State Tax Uniform Procedure Law, R.S.54:48-1 et seq., within 90 days after the date of such determination. Interest earned on amounts escrowed shall be credited to the prevailing party.

5. Non-residential Development fees

a) Imposed fees

i. Within all zoning districts, non-residential developers, except for developers of the types of development specifically exempted, shall pay a fee equal to two and one-half (2.5) percent of the equalized assessed value of the land and improvements, for all new non-residential construction on an unimproved lot or lots.

ii. Non-residential developers, except for developers of the types of development specifically exempted, shall also pay a fee equal to two and one-half (2.5) percent of the increase in equalized assessed value resulting from any additions to existing structures to be used for non-residential purposes.

iii. Development fees shall be imposed and collected when an existing structure is demolished and replaced. The development fee of two and a half percent (2.5%) shall be calculated on the difference between the equalized assessed value of the pre-existing land and improvement and the equalized assessed value of the newly improved structure, i.e. land and improvement, at the time final certificate of occupancy is issued. If the calculation required under this section results in a negative number, the non-residential development fee shall be zero.

b) Eligible exactions, ineligible exactions and exemptions for non-residential development

- i. The non-residential portion of a mixed-use inclusionary or market rate development shall be subject to the two and a half (2.5) percent development fee, unless otherwise exempted below.
- ii. The 2.5 percent fee shall not apply to an increase in equalized assessed value resulting from alterations, change in use within existing footprint, reconstruction, renovations and repairs.
- iii. Non-residential developments shall be exempt from the payment of non-residential development fees in accordance with the exemptions required pursuant to P.L.2008, c.46, as specified in the Form N-RDF "State of New Jersey Non-Residential Development Certification/Exemption" Form. Any exemption claimed by a developer shall be substantiated by that developer.
- iv. A developer of a non-residential development exempted from the non-residential development fee pursuant to P.L.2008, c.46 shall be subject to it at such time the basis for the exemption no longer applies, and shall make the payment of the non-residential development fee, in that event, within three years after that event or after the issuance of the final certificate of occupancy of the non-residential development, whichever is later.
- v. If a property which was exempted from the collection of a non-residential development fee thereafter ceases to be exempt from property taxation, the owner of the property shall remit the fees required pursuant to this section within 45 days of the termination of the property tax exemption. Unpaid non-residential development fees under these circumstances may be enforceable by Hardyston Township as a lien against the real property of the owner.

c) Collection procedures

- i. Upon the granting of a preliminary, final or other applicable approval, for a non-residential development, the applicable approving authority shall direct its staff to notify the construction official responsible for the issuance of a building permit.
- ii. For non-residential developments only, the developer shall also be provided with a copy of Form N-RDF "State of New Jersey Non-Residential Development Certification/Exemption" to be completed as per the instructions provided. The developer of a non-residential development shall complete Form N-RDF as per the instructions provided. The construction official shall verify the information submitted by the non-residential developer as per the instructions provided in the Form N-RDF. The Tax assessor shall verify exemptions and prepare estimated and final assessments as per the instructions provided in Form N-RDF.
- iii. The construction official responsible for the issuance of a building permit shall notify the local tax assessor of the issuance of the first building permit for a development which is subject to a development fee.
- iv. Within 90 days of receipt of that notice, the municipal tax assessor, based on the plans filed, shall provide an estimate of the equalized assessed value of the development.
- v. The construction official responsible for the issuance of a final certificate of occupancy notifies the local assessor of any and all requests for the scheduling of a final inspection on property which is subject to a development fee.
- vi. Within 10 business days of a request for the scheduling of a final inspection, the municipal assessor shall confirm or modify the previously estimated equalized assessed value of the improvements of the development; calculate the development fee; and thereafter notify the developer of the amount of the fee.

- vii. Should Hardyston Township fail to determine or notify the developer of the amount of the development fee within 10 business days of the request for final inspection, the developer may estimate the amount due and pay that estimated amount consistent with the dispute process set forth in subsection b. of section 37 of P.L.2008, c.46 (C.40:55D-8.6).
- viii. Fifty percent of the development fee shall be collected at the time of issuance of the building permit. The remaining portion shall be collected at the issuance of the certificate of occupancy. The developer shall be responsible for paying the difference between the fee calculated at building permit and that determined at issuance of certificate of occupancy. No certificate of occupancy shall be issued to the developer until all remaining developer fees have been paid in full.
- ix. Appeal of development fees
 - 1. A developer may challenge non-residential development fees imposed by filing a challenge with the Director of the Division of Taxation. Pending a review and determination by the Director, which shall be made within 45 days of receipt of the challenge, collected fees shall be placed in an interest bearing escrow account by Hardyston Township. Appeals from a determination of the Director may be made to the tax court in accordance with the provisions of the State Tax Uniform Procedure Law, R.S.54:48-1 et seq., within 90 days after the date of such determination. Interest earned on amounts escrowed shall be credited to the prevailing party.

- a) There is hereby created a separate, interest-bearing housing trust fund to be maintained by the Chief Financial Officer for the purpose of depositing development fees collected from residential and non-residential developers and proceeds from the sale of units with extinguished controls.

- d) All interest accrued in the housing trust fund shall only be used on eligible affordable housing activities approved by COAH.

7. Use of funds

- a) The expenditure of all funds shall conform to a spending plan approved by COAH. Funds deposited in the housing trust fund may be used for any activity approved by COAH to address Hardyston Township's fair share obligation and may be set up as a grant or revolving loan program. Such activities include, but are not limited to: preservation or purchase of housing for the purpose of maintaining or implementing affordability controls, rehabilitation, new construction of affordable housing units and related costs, accessory apartment, market to affordable, or regional housing partnership programs, conversion of

- b) Funds shall not be expended to reimburse Hardyston Township for past housing activities.
- c) At least 30 percent of all development fees collected and interest earned shall be used to provide affordability assistance to low- and moderate-income households in affordable units included in the municipal Fair Share Plan. One-third of the affordability assistance portion of development fees collected shall be used to provide affordability assistance to those households earning 30 percent or less of median income by region.
 - i. Affordability assistance programs may include down payment assistance, security deposit assistance, low interest loans, rental assistance, assistance with homeowners association or condominium fees and special assessments, and assistance with emergency repairs.

- d) Hardyston Township may contract with a private or public entity to administer any part of its Housing Element and Fair Share Plan, including the requirement for affordability assistance, in accordance with N.J.A.C. 5:96-18.
- e) No more than 20 percent of all revenues collected from development fees, may be expended on administration, including, but not limited to, salaries and benefits for municipal employees or consultant fees necessary to develop or implement a new construction program, a Housing Element and Fair Share Plan, and/or an affirmative marketing program. 8. Monitoring

development fee ordinance. If Hardyston Township fails to renew its ability to impose and collect development fees prior to the expiration of substantive certification, it may be subject to forfeiture of any or all funds remaining within its municipal trust fund. Any funds so forfeited shall be deposited into the "New Jersey Affordable Housing Trust Fund" established pursuant to section 20 of P.L.1985, c.222 (C.52:27D-320). C. Growth Share

1. Applicability.

- a) The requirements contained in this Ordinance shall be applied in Hardyston Township to all zones except the Crystal Springs portion of the CR Zone district, which is subject to separate ordinance provisions and a developer's agreement for an inclusionary development.
- b) Responsibility for constructing affordable housing units shall be as provided for under this Ordinance. Developers that have received final approval prior to the effective date of this Ordinance shall be subject to the requirements of their approval, and exempt from complying with the provisions of this Ordinance, unless the developer seeks a substantial change in approval, or the plan is abandoned, approval lapses, or the period of protection pursuant to N.J.S.A. 40:55D-52 expires without extension. The triggering mechanism for growth share responsibility shall be the issuance of a building permit for new construction that received municipal land use approvals after the adoption of this Ordinance.

2. Affordable Units Required for Residential Developments.

- a) Except for residential "inclusionary" developments which are otherwise required to have a set-aside of "low" and "moderate" income units, any applicant for a residential development in Hardyston Township that includes four (4) or more residential lots and/or dwelling units shall be required to provide the number of affordable housing units equivalent to twenty-five percent (25%) of the total number of market rate units which will result from the proposed development. Any fractional or partial obligation remaining shall require the developer to investigate alternative options for the partial unit under Section 7 or shall be subject to the payment in lieu requirements set forth in Section 6. The number of units permitted is based upon the density requirements of the zone district including the growth share units plus the incentive units allowed by this ordinance.
- b) As incentives to internally subsidize the required affordable housing units, a developer may utilize the following incentives:
 - i. For residential developments constructing the growth share affordable units on-site, the developer may be permitted to an overall density increase of 40 percent over the existing zoning. If a decimal is calculated in determining the density increase, the decimal shall not mean that an additional market rate unit is permitted. The administration of any rental affordable units constructed on site will be the responsibility of the developer, unless an alternative arrangement is agreed upon between the developer and the Township. The affordable units may be built on a lot of one-half (½) or more acres in size, and may be single-family, duplex, triplex or quadraplex units. Additional housing types for affordable units may be utilized as permitted by zone. The density increases granted for the construction of the affordable units on site, and the use of alternate structures and/or use types for the affordable units shall not require a "c" or "d" variance.
 - ii. For residential developments that make payments to the Township of Hardyston in lieu of constructing affordable units in accordance with Section 6 or construct the growth share affordable units off-site, the developer shall be allowed a density bonus

of one-half (½) of a market-rate unit which to is be located onsite for each full contribution toward an affordable unit's costs.

3. Affordable Units Required for Non-Residential and Mixed Use (Residential and Commercial) Developments.

- a) An applicant for a non-residential development in Hardyston Township shall be exempt from growth share requirements.
- b) An applicant for a non-residential development in Hardyston Township shall be subject to the requirements of Sub-Section 185-90.1B entitled "Affordable Housing Development Fees".
- c) An applicant for a mixed use (residential and commercial development) in Hardyston Township shall be subject to the following:
 - i. The commercial portion of the project shall be subject to the requirements of Sub-Section 185-90.1B entitled "Affordable Housing Development Fees".
 - ii. The residential portion of the development shall be required to provide the number of affordable housing units equivalent to one (1) affordable for every four (4) market residential units.
- d) As incentives to internally subsidize the required affordable housing units in mixed use developments, a developer may utilize the following incentives:
 - i. Developers shall be permitted to increase the overall density of the residential units by 40 percent over the existing zoning
 - ii. Developers shall be permitted to construct affordable residential units above or beside retail, office and mixed use uses in order to satisfy the residential affordable housing obligation on-site.
 - iii. Developers shall be permitted to demonstrate shared parking for mixed use developments and if demonstrated to be reasonable, reduce the parking for the affordable housing portion of the developments by 50%.

4. "Low" & "Moderate" Income Split.

- a) Fifty percent (50%) of the affordable housing units required to be produced in accordance with Subsections 2 and 3 hereinabove shall be available to "low" income households and fifty percent (50%) shall be available to "moderate" income households, provided that any single remaining unit shall be available only to a "low" income household. If only one (1) affordable unit is required it shall be a low income unit unless the Township Council authorizes it to be a moderate income unit.

5. Compliance with COAH's Rules.

- a) All affordable housing units shall fully comply with all applicable "Substantive Rules" and policies of COAH including, unless modified above, but not limited to, bedroom distribution, controls on affordability, household income qualification and eligibility, range of affordability, affirmative marketing and the construction phasing of the market-rate versus the affordable housing units.

6. Payments in Lieu.

- a) For any residential development which proposes four or more residential units, the developer shall be required to provide on-site production of affordable housing. For any fractional or partial obligation remaining after the production of the mandated affordable housing units, the developer shall investigate alternative options for the required units and or partial unit under Section 7. If after thorough investigation to the satisfaction of the Township Council, none of the options are available, the developer shall pay the pro rata contribution for each new housing unit. The percentage is based upon the current COAH-determined subsidy required for payments in lieu of constructing affordable units on site at the time of receipt of a building permit. This payment is currently \$180,267 per unit.

MINUTES OF THE HARDYSTON TOWNSHIP COUNCIL MEETING HELD ON JUNE 9, 2009

7. Alternative Methods of Compliance.

- a) Except for major subdivision or site plan approvals involving four or more units which require on-site production of affordable housing units, and further provided the developer obtains, as a

condition of approval, written permission from the Hardyston Township Council, the developer may choose to satisfy its affordable housing obligation calculated in accordance with Sections 2 and 3, in compliance with one or more of the following alternatives as permitted by COAH's "Substantive Rules" as set forth below:

- i. On-site production of affordable housing units;
 - ii. The purchase of an existing market rate dwelling unit within the municipality and its conversion to an affordably priced unit;
 - iii. The purchase of an existing market rate dwelling unit within the municipality and its conversion to a "supportive and special needs housing" facility (i.e., group home); and/or
 - iv. Participation in gut rehabilitation and/or market to affordable program
 - v. Payment in accordance with Section 6.
- b) The developer's plan for satisfying the affordable housing obligation created by the proposed development shall be submitted to the Township Planning Board or Zoning Board at the time the application for development is submitted for review and approval and shall be considered a condition for the application being determined "complete". The developer shall obtain written permission from the Township Council endorsing the developer's plan for satisfying the affordable housing obligation after the Council has received a recommendation from the Planning Board.

8. Other Design Considerations.

- a) More than one affordable unit may be on a building lot. Affordable single-family, duplex, triplex and quadraplex structures are hereby permitted in Hardyston Township.
- b) The affordable housing structures shall be consistent in size and architectural features with the neighborhood or as approved by the Township Planning Board and/or Zoning Board.
- c) Septic systems for the affordable housing units on the same lot (other than in the Hardyston Town Center, which shall be connected to the sewer system) may only share the leach field and shall be maintained with an annual maintenance fee from each unit. Each owner shall maintain other septic system components. Any septic system arrangement under this provision is subject to the Board of Health approval.
- d) Affordable housing units must comply with the accessibility requirements of N.J.A.C. 5:94-3.14.

9. Construction of Affordable Units.

- a) Residential units shall be constructed on a schedule in accordance with the COAH regulations as set forth below:

Percentage of Market Rate Units Completed	Minimum Percentage of Low and Moderate Income Units Completed
25	0
25 plus 1 unit	10
50	50
75	75
90	100

10. Housing permitted.

- a) Growth share housing is a permitted use in every residential and non-residential zoning district, except industrial zone districts, to the extent that production of affordable housing units is mandated by this Ordinance.

11. Appeals

- a) Developers subject to this inclusionary growth share ordinance may appeal to the reviewing Board pursuant to N.J.S.A. 40:55D-70c (1) hardship standards to demonstrate to the satisfaction of the Board that the increased density or intensity and/or reduced costs

MINUTES OF THE HARDYSTON TOWNSHIP COUNCIL MEETING HELD ON JUNE 9, 2009

do not provide an appropriate level of compensation commensurate with the amount of affordable housing required. The reviewing Board may grant relief including, but not limited to, additional incentives or reductions in the affordable units required or any combination thereof deemed appropriate by the Board to eliminate the "hardship" and provide sufficient incentives.
