

RESOLUTION
of the
HARDYSTON TOWNSHIP MUNICIPAL UTILITIES AUTHORITY (“HTMUA”)
regarding
Adjustment of Water Bill

WHEREAS, at its regularly scheduled meeting of December 3, 2013, the HTMUA considered a request from the Indian Field Homeowners Association to reconsider its quarterly water bill; and

WHEREAS, the HTMUA considered the investigative results explained by the HTMUA Secretary and the HTMUA Engineer and considered the request made by representatives of the Indian Field Homeowners Association; and

WHEREAS, the HTMUA concluded that the bill calculation was based upon the application of a monthly billing structure to a quarterly gallon usage, rather than the application of a monthly billing structure to a monthly gallon usage; and

WHEREAS, the HTMUA held a discussion regarding the status of meters in the development and the calculation of water used in irrigation measured by draw on the water tank; and

WHEREAS, the HTMUA concluded that the quarterly bill to the Indian Field Homeowners Association should be amended from \$32,272 to \$20,613.36 to correctly reflect approved billing practices and rates in accordance with the HTMUA Rules and Regulations; and

WHEREAS, the HTMUA further considered cancellation of overdue interest in the amount of \$962.16, concluding that such interest would be incorrectly assessed due to the inability of the HTMUA to consider this matter in a more timely fashion as a result of cancellation of the HTMUA’s November meeting due to Hurricane Sandy;

NOW, THEREFORE, BE IT RESOLVED by the Commissioners of the HTMUA as follows:

1. The Quarterly bill to the Indian Field Homeowners Association covering June, July and August 2012 is hereby amended from \$32,272 to \$20,613.46;
2. Interest charges on the overdue payment of said Quarterly bill in the amount of \$968.16 are hereby waived;
3. The revised Quarterly bill shall have a new billing date of December 3, 2012 solely for purposes of calculation of interest on any unpaid balance.
