

RESOLUTION
of the
HARDYSTON TOWNSHIP MUNICIPAL UTILITIES AUTHORITY (“HTMUA”)
regarding
INDIAN FIELD WELL #2 INVESTIGATION

WHEREAS, at its regularly scheduled meeting of March 4, 2013, the HTMUA discussed the wisdom of sealing “Well #2” in the Indian Field development; and

WHEREAS, the HTMUA Engineer suggested that the location and latest-known flow information of Well #2 could make it a valuable asset; and

WHEREAS, the HTMUA Engineer advised that well testing and water quality sampling would be necessary prerequisites to a reasoned contemplation of the potential value of Well #2 and that such testing and sampling could require the expenditure of thousands of dollars;

NOW, THEREFORE, BE IT RESOLVED by the Commissioners of the HTMUA as follows:

1. The HTMUA Engineer is authorized to investigate various well testing and sampling scenarios for Indian Fields Well #2 and their pricing for further discussion by the HTMUA.
