NOTES:				
<p>* In November 1996 voters in the Borough of Franklin and the Township of Hardyston voted to establish a Joint Municipal Consolidation Commission. The Commission's August 1997 Report recommended against consolidation but suggested additional shared services be pursued. Since late 1997 representatives of the Township and Borough governing bodies and staff have been meeting on a monthly basis to discuss additional shared service opportunities. The shared services committee has been expanded to include representatives from Hamburg Borough and Ogdensburg Borough as well.</p>
